

Dear Parents,

Self Selected Reading is a part of our reading instruction. It involves the children being taught to choose books to read that are on their own reading level. A book box is needed so that children can always have a few books on hand when they need them.

I am asking you to help your child cut a cereal box (or something similar) as shown below. Then, cover the box with something such as wrapping paper, contact paper, cardstock, construction paper or even duct tape. Your child could also decorate it with stickers or drawings. Covering and decorating is not required however. Please bring in your book box by Monday, September 18th or sooner if you'd like! ☺

Thanks!

Mrs. Ellison
