

Spelling Words for the November 6 Quiz

There will be no spelling quiz October 30. The next quiz will be November 6.

The new high frequency words are:

been, who, want

The phonics skill this week and next is beginning 2 letter blends in short vowel words.

Each consonant retains its individual sound. Some children, however, find it difficult to discern all of the sounds in words with more than 3 sounds. This is particularly true for dr- words and tr- words.

Some words with beginning blends that may be on the quiz are:

clap, drum, bled, plug, sled, twin, trim, crib, step, brag, spot, flop, glad, slam, scat

been

who

want
